A complete range of ID solutions

InVentry's most popular features...

InVentry is packed with useful features, some of the features even surprise us and we provide the system.

If you require more information about any of the features displayed below, simply ask your contact at Lesar UK, or email

hello@inventrysoftware.co.uk

Chosen by our customers

STAFF MANAGEMENT

Staff can sign in and out sign out by touching their photo instead of having to scroll through lists of names.

SYNCED FIRE REGISTER

Fire reports are synced to your iPad's and updated automatically as you tick people of the evacuation list. Great for multiple exertion points.

PRE-BOOKING VISITORS

Send a letter to your pupil's parents and pre-book into the system, upon arrival they simply touch log in and enter their visitor number.

NEW! KIOSK

NEW!

LATECOMERS REGISTER

Pupil's arriving late? our system will record when they arrive. Pre-determined questions can be applied for students to answer.

NOTIFICATIONS

When you visitor arrives an email notification gets sent to both email and mobile devices.

DBS (CRB) MANAGEMENT

A central location to record all your DBS Checks, previously known as CRB checks.

Upgrade your InVentry System with this neat finish Kiosk! Speak to your contact for more information.

most popular features...

"The inVentry visitor entry system has paid dividends in terms of safeguarding, OFSTED inspectors loved it. It provides instant photo ID badges for all visitors and notifies the person they are visiting of their arrival by email with a copy of the photo."

Bursar of St John Fisher Catholic High School

EVENT MANAGEMENT

Hosting a parents evening, pre-book all parents for a quick and easy sign in process.

MULTIPLE DEVICES

Our system enables you to produce reports quickly on your iPhone and iPad and other compatible devices.

MIS INTERGRATION

SIMS

Our system integrates with your MIS system.

- Capita Sims
- Serco Learning
- RS IntegrisG2

RECEPTIONIST

The system focuses on the visitors signing in themselves however we let your receptionist have a workstation version of the software.

DATABASE

Most softwares and visitor sign in systems are usually hosted on a webserver, ours you host, the system sits on your server - your in control.

HARDLY NO CONSUMABLES

The InVentry Software can either produce a paper pass or plastic card, no matter which type of pass you choose the consumables are minimal.

Reception Area - Bespoke Installations

Monitor your visitors electronically...

Our Visitor System is a site access, safeguarding, visitor identifying, staff managing solution.

We've designed our system with education sector in mind. With the demands of safeguarding procedures increasing and growing year on year our system is designed to keep up with the on-going changes. InVentry gives you maximum traceability and control for all your staff, pupils and visitors entering the school every day.

The system comes with a touch screen monitor and computer and the option of either a plastic card or thermal printer.

Optional modules are available to enhance the impact of InVentry within your school, such as InVentry Anywhere and the Enhanced Staff Management Module.

DID YOU KNOW? The CRB check is now known as a DBS check? - [Read more](#)

Safeguarding & Ofsted

The very latest Ofsted criteria places a greater emphasis on Safeguarding than ever before, focusing on "minimising the risk to children, young people and adults by evaluating the effectiveness of schools' procedures for safeguarding."

InVentry Visitor Management Solution allows you to easily monitor visitors and volunteers to ensure the safety of students and pupils. Key elements of the system include:

- 1 A single, central record of CRB Checks.
- 2 Easy identification of all visitors & staff
- 3 Register staff, visitors, and students during the evacuation procedure

Did you know InVentry comes complete with staff identification cards...

When you take out InVentry software with us here at Lesar UK we will provide each your staff members with their own personalised staff identification card. The card will work in sync with the system and your staff can use the card to sign in and out of school.
